Cisco Boot Camp for CCNA Certification CCNA Boot Camp

Set yourself apart from the rest!

[CCNP Boot Camps](#) / [CCIE Training Boot Camps](#)
[CCSP Certification](#) and [CISSP Certification](#)
held Nationwide

Cisco Certification Guaranteed!

CISSP is a TM of ISC2 and Cisco CCNA/CCDA, CCNP, CCIE, CCSP are a TM of Cisco Systems

We are proud to present GlobalNet Training.

GlobalNet Cisco Training *has more equipment per student than any other cisco training program in the world...guaranteed!*

Todd's CCNA course is the best investment in my career I've made to date! Since arriving home six weeks ago, I have deployed two routers, each running with the performance, and security our industry demands. I am now managing all of our switches and routers, and doing so with confidence. Can't wait to begin the advanced track soon.
Thanks Again,
A.M. Austin

This Cisco Certification for CCNA Training by Globalnet will GET YOU WHERE YOU NEED TO BE. Guaranteed.

And it costs the same or less as most other Cisco CCNA Boot Camps.

CCNA Classes by Todd Lammle!

Their repetitive hands-on labs now include individual (meaning NO sharing - you get your own equipment unlike the competition!) student pods with *Cisco's high-end 3550 layer switches.*

GlobalNet's 5-day CCNA boot camp will provide you with *everything you need to be successful* in a Cisco routing and switching environment and to pass the new Cisco CCNA certification exam.

This course will provide you with everything you need to be successful in a Cisco routing and switching environment and to **pass the new Cisco CCNA certification exam.**

Get CCNA certified, and take the necessary steps to prepare for your CCNP, CCSP, or Security Specialists certifications.

[What's Included?](#) - [Dates](#) - [Testimonials](#) - [Price](#) - [Contact Us](#)

Understanding how to configure routers and switches is important, and GlobalNet's CCNA students gain that experience by training on 4 Routers and 2 Switches per student, including the Cisco 3550 Switch. No sharing equipment! Plus, GlobalNet Training offers more lab time than any of our competitors with over 35 labs! We encourage students to bring their own laptops to take full advantage of our labs after class each day.

A few reasons to get certified:

75% of managers believe that certification is important to team performance.

Most certifications gives on average a 16.7% salary increase.

66% of managers believe that certification improves the level of service and support offered to IT end users/customers.

55% of hiring managers consider employee certification as criterion for hiring.

65% of certified professionals surveyed had been in their jobs 24 months or longer.

A study conducted by Fairfield Research and Certification Magazine shows that getting certified can lead to a 12% increase in salary or close to a \$6,000 raise!

* [CompTIA A+](#) gives an 11.1% increase!

* [MCSE](#) gives an 12.6% increase!

* [CCNA](#) gives an 16.7% increase!

Multiple certifications directly correlate to pay increases.

With one certification, the average pay was \$53,000, with five certifications, it is \$62,000, with ten, the average pay was \$75,000.

*The average [SQL Server Professional MCDBA](#) earned \$67,294 per year in 2000

*The average [Unix/Linux Professional](#) earned \$64,111 per year in 2000

*The average [Visual Basic Professional](#) earned \$55,878 per year in 2000

*The average [JAVA Professional](#) earned \$63,988 per year in 2000

*The average [VB .Net Professional](#) earned \$66,346 per year in 2000

The money you INVEST in training will be paid back to you pretty QUICK!

Get started today.

SALARY INCREASE

A study conducted by Fairfield Research and Certification Magazine shows that **getting certified** can lead to a **12% increase in salary or close to a \$6,000 raise!**

"On the entry-level end of the pay scale, **CCNAs reported an average income of \$70,000 in 2000.**"

Also, multiple certifications directly correlate to pay increases.

What is Cisco Certification for CCNA ?

The CCNA certification (**Cisco Certified Network Associate**) indicates a foundation in and apprentice knowledge of networking for the small office/home office (SOHO) market.

CCNA certified professionals can install, configure, and operate LAN, WAN, and dial access services for small networks (100 nodes or fewer), including but not limited to use of these protocols: IP, IGRP, IPX, Serial, AppleTalk, Frame Relay, IP RIP, VLANs, RIP, Ethernet, Access Lists.

This Cisco CCNA certification training classroom Boot Camp will give you the confidence to master the CCNA exam!

[What's Included?](#) - [Dates](#) - [Testimonials](#) - [Price](#) - [Contact Us](#)

Prerequisites:

The CCNA certification candidate must possess a thorough understanding of network fundamentals including OSI model, TCP/IP Protocol, and basic Cisco hardware familiarity. Suggested, but not required, certification levels are [Network+ Certification](#) and/or an MCP.

About GlobalNet's Cisco Boot Camp Instructors:

Mr. Todd Lammle has been conducting his private training for corporations and training companies for over five years, and has now made his exclusive course programs available to the public. Although Mr. Lammle devotes significant time to writing books and course curriculum, he continues to personally teach approximately two courses per month. Following from the methods taught in his books, GlobalNet Training's courses provide the most extensive hands-on, lab based training available today. The instructors that Mr. Lammle has brought in to teach his program have been carefully selected from the best field experienced, Cisco instructors in the country. By combining the best curriculum with the best instructors available, we guarantee that you'll be satisfied with our courses!
